TRANSIT MANAGER **~ Permanent, Full Time ~**

Position Summary:

The Transit Manager is responsible for the development, implementation and ongoing operation of inter-municipal transit, generally in accordance with the County of Simcoe's Transit Feasibility and Implementation Plan. This will include preparation of a detailed implementation plan, preparation and award of requests for proposal and tenders for operations and capital components, administration of operating contracts and liaison and coordination with local municipal transit system operators.

Position Requirements:

The successful candidate will hold University degree in Urban Planning, Transportation Engineering, Business Administration or related education. As well, the successful candidate will bring a minimum of five (5) years progressive experience in public transit, labour relations, budget development and operations, plus two (2) years management experience. This position will be expected to deal effectively with the Public and Municipal Councils. A valid class G driver's license with access to a reliable vehicle is a requirement.

Compensation Information:

\$94,865 - \$112,702 per annum
